

**Abbey Hey Primary Academy**

The best in everyone™

Part of United Learning

Dear Parents,

We would like to invite you in to school on Friday 14<sup>th</sup> June 2019 to work alongside your children creating a bird feeder. As part of our learning this half term, we are exploring different animal habitats. We are revitalising the area around the prefabs and in an attempt to attract more wildlife to the area.

During the afternoon (14:00-15:00), you will have the opportunity to help your child construct their bird feeder models using junk materials and evaluate the success of their design.

A list of potential materials are:

- Plastic bottles and caps
- Disposable plastic containers
- Lolly pop sticks
- String
- Shoe laces
- Decorations for the bird feeder

Please note that the materials used have to be durable for outdoor purposes.

We look forward to seeing you,

The Year 5 team

---

I would be interested in the Design Technology afternoon
